SELFLEVEL® Access Assembly

Improve driveability while reducing road maintenance, inflow, and infiltration. Available for asphalt and concrete applications.

SELFFLEVEL assembly floats with the roadway, keeping the surface smooth during settling and frost heave.

Protecting the structure below, traffic vibration is absorbed by the road surface.

An excellent solution for new or retrofit installations.

Visit r.ejco.com/lunch to request a lunch and learn demo or call 800 626 4653.

Made in the USA
KING Shotcrete Solutions include pre-packaged shotcrete material, as well as mixing and placement equipment, intended for mining, tunneling, concrete construction and concrete rehabilitation projects. KING Shotcrete Solutions supports your complete shotcrete operation.

Featured Brands:

KING Construction Products include pre-packaged concrete*, grout and repair mortar for mining, tunneling and concrete rehabilitation projects.

*Such as self-consolidating concrete
